

## Packing Checklist

PC8 Air Conditioner with power cord inside water compartment

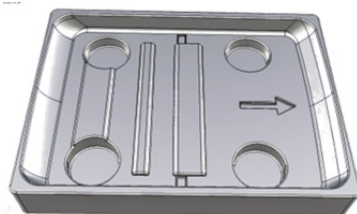

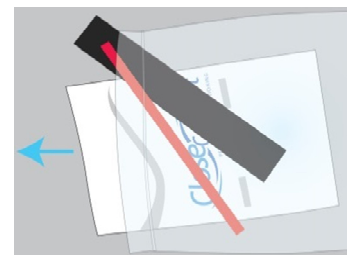

User Manual (Urdu, English)

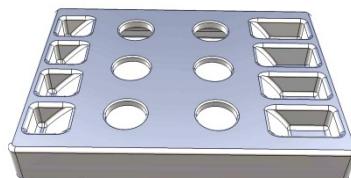

Getting Started Guide

Warranty Card

Bottom foam packing piece – important to keep this!

Top foam packing piece – keep this with carton in case you need to return the unit for repairs later

Tent in carry bag inside carton with L and S adapters inside

## UPS Recommendation for Islamabad

We recommend sine wave UPS inverters. While a square wave UPS inverter (such as EcoStar) can be used, there is some additional noise from the fan motor.

Our recommendation: APC Sine Wave UPS 1500 VA Model (Reconditioned)

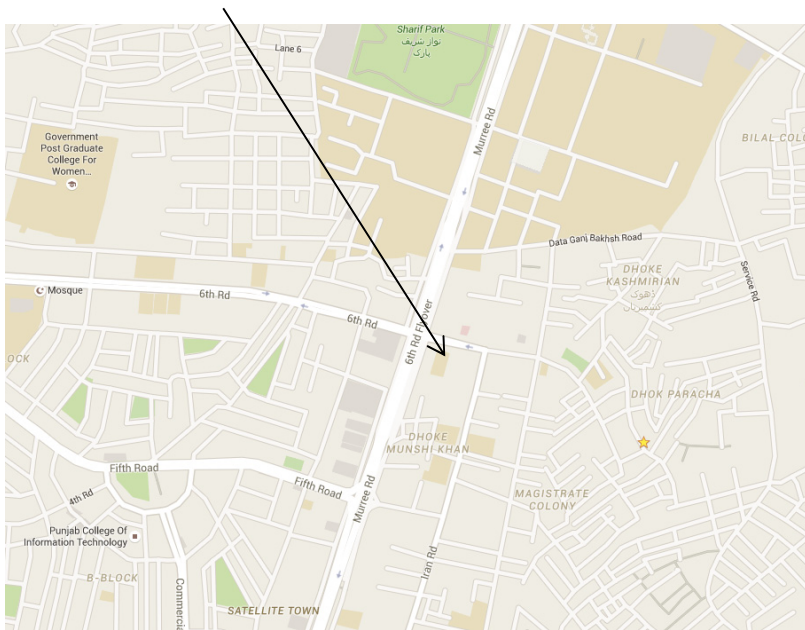

Available from:

Khalid (Mehmood) Butt

Total Computers Peripherals, Office# 22, Ground Floor Satellite Shopping Centre,  
6th Road, Satellite Town Rawalpindi

## Battery Recommendation

We recommend you purchase deep cycle lead-acid traction batteries. IF zero maintenance is a requirement, we suggest AGM or Gel Batteries.

If you can provide regular topping up with de-mineralised water (condensed inside your PC& air conditioner) we recommend TAB tubular traction batteries, available from Khalid Butt at the address above
